

ELA website reviews

Does your institution offer labour mobility information through a website?

ELA can help you improve it.

○ Do you want to check if the information on your site is accessible, complete, accurate and user-friendly?

○ Do you want to assess the user experience of your website?

● **You can apply for ELA website review**

● Your website can be reviewed either by:
○ **peers**: your counterparts in other Member States and/or social partners representatives
○ **experts**: specialists for UX design and website development

● Websites are reviewed against a set of quality criteria

● Test users navigate the website to create so-called user journeys

● **After the review you receive a comprehensive report with findings and non-binding recommendations for further improvements**

Apply for [ELA website reviews](#), a service to facilitate access to information on labour mobility
