

CASE DESCRIPTION¹

This inspection shall be carried out in accordance with the law or practice of the Member State where the inspection takes place. This Agreement shall not affect any existing bilateral/multilateral agreements nor memoranda of understanding concluded by the participating Member States. The parties to this Agreement shall only complete those parts that bare relevance for the case at hand.

Subject:

Reference number:

1. Background on the case

Please provide a general description of the initial complaint or information. Briefly list all relevant information about the case and evidence already available, for example via preliminary research or joint risk assessment, investigations already carried out, including identified infringements, and provide information about actions already taken to tackle the problem at national or EU level, the results of those actions and the involvement of other Member States or stakeholders (if applicable). (max. 2 500 characters)

¹ The template has a set number of characters. If you need more space for the case description, ask for a file at inspections@ela.europa.eu.

2. Sector and entity(-ies) to be inspected in each Member State

Please specify the sector and, if possible, at this stage, the name of the company(-ies) to be targeted. (max. 1 500 characters)

3. National coordinator(s) of the inspection

Please provide the contact details of the entity and person in charge of the national coordination of the proposed concerted/joint inspection for the requesting Member State and, if possible, for the other Member States concerned. (max. 500 characters)

4. Other stakeholders and number of participating persons

Please specify all other involved national or international organisations including, if relevant, social partner organisations. (max. 500 characters)

5. Number of companies and mobile workers concerned by the inspection

Please specify the estimated number of companies and mobile workers (including posted, self-employed, other status (e.g. company owner, volunteer)) directly concerned by the case so that ELA can assess the impact of the possible infringements on workers and/or on the labour market. (max. 1 000 characters)

6. Estimated costs to be paid by ELA and other support

Please provide details on the support requested to ELA for the inspection, including the roughly estimated costs involved (transport, accommodation, interpretation, legal advice, IT-tools, etc.). (max. 1 000 characters)
